Stewart Attends Convention

County Attorney A. T. Stewart attended the good roads meeting at Jackson last week and was one of the speakers. He was also made a director of the Ky.-Va. Highway Association which adopteded its slogan, "Road in 1925 or Bust." Well, we hope it will not be "busted" as the immigrant to Kansas years ago was. He tacked a sign on his wagon as he journeyed to Kansas, "To Kansas or Bust." One year later he returned with the sign over his wagon, "Busted."

Killed at Ashland

Raymond Davies, aged 29, a horse jockey in a race at Ashland Friday afternoon, fell from a horse when it stumbled and was plunged headlong about twenty feet. He alighted on his feet, but his spine was paralyzed and he died in an Ashland hospital Sunday morning. Mrs. Davies, his wife, arrived twenty minutes after he died. The remains were taken to Lexington and buried in the Lexington cemetery after funeral services at his home. He leaves a wife, formerly Miss Inez Edge, of this city. Also mother and sister, of Cincinnati.

Ohio Visitor

James G. Rogers, of Dayton, O., was here a while Tuesday on his way to Estill county, to visit his mother, Mrs. Abbie J. Rogers who is now up in the eighties. Mr. Rogers still holds a responsible position with the Bahmann Iron Works at Dayton. While here he paid up ahead for The Times, which he says he simply can't do without. Mr. Rogers came through by auto with Mr. J. B. Preston in the latter's fine Chalmers touring car.

L. P. Keith Undergoes Operation

L. P. Keith has always had a slight cyst growth on his back. This growth became irritated last week and so inflamed that he was advised to have it cut out, which was done at the Clark County Hospital Saturday. Mr. Keith was able to return home Monday and is feeling well.

Road Contract to be Let Soon

We have been assured that the contract for grade work and drainage on the road from Clay City to Campion will be let within the next thirty days. This is good news to all of us and we trust this assurance will not go amiss.

Armitage--Crow

Mr. Owen Armitage, of Bath county, and Miss Lelia Crow, of Vaughn's Mill, daughter of Mr. and Mrs. Elder Crow, were married at the home of the bride's parents, Wednesday, July 12th.

"Where there is smoke, there is always fire," so when twenty million well-known men and women in all walks of life say Tanlac is a good medicine, there must be something to it. C. Ernest Brandenburg. One used car to Charlie Adams.

Death of Indian Babe

Thomas Miller Costello, two-months-old babe of Ruby Costello and her husband, died here early Saturday morning. The remains were taken to Winchester the same day and buried in the cemetery there where it will lie until fall when the child will be taken to Oklahoma. The child's parents, together with grandparents, and great-grandfather were here, all of last week with the carnival.

The ceremony at the grave was performed by the great-grandfather of the child. Grape juice and some other liquid played an important part in the burial rites which were accompanied by incantations that made the white man's graveyard sound like western plains. Each of the Indians who assisted at the ceremony placed a number of pieces of small change in the coffin, after which the clothing and toys of the baby also were deposited beside the body to accompany it to the happy hunting ground.

The Show

The show has come and gone, stayed with us an whole week and furnished entertainment royal for the fun-loving young. Their games of chance were played fairly, they say—which is not usually the case with carnivals. They spent much money here, and it is doubtful if they worsted us to any very damaging extent financially. Still The Times does not endorse such shows from a strict moral point of view.

Sale of Day Interests

The Floyd Day holdings in Clay City are to be sold at Public Auction, in front of the big store building, beginning at noon, July 27th. Read the advertisement in this issue of The Times. There is some valuable property to be disposed of on this day which should bring good prices if Clay City is dead, because there are not more than three buildings going up at once.

Celebrates 75th Birthday

Last Thursday, July 13th, the eight children of Mrs. R. B. Kincaid, of Torrent, gave her a storm party and took with them well filled baskets as did the neighbors. A similar party visited Mrs. Kincaid five years ago, and enjoyed the feast and the pleasant surprise of the grand old lady. James Profit, of Stanton, was one of the children present.

Moves Back to Powell

O. W. Easter has returned to Powell county from Irvine where he went a few weeks ago to try out the boom town. Walter, like many other good people who move away, finds there is no place like good old Powell.

Sells More Fords

Joe Mountz reports the sale of two new touring cars this week; one each to W. J. Mountz and Ernest Brandenburg. One used car to Charlie Adams.

Unmuzzled Dogs to be Killed

Because of the prevalence of rabies in the State, Dr. A. T. McCormick, State Health Officer, has requested County Judges, Sheriffs and Health Officers of every county in Kentucky to put to death all stray dogs.

"Acting upon the authority conferred upon it by law," the request reads, the State Board of Health calls your attention to a widespread epidemic of rabies in dogs in the State. In counties in almost every section of Kentucky men, women and children have been bitten by mad dogs and large livestock has been similarly infected and destroyed.

"In order to prevent a widespread epidemic of this very dangerous disease, this Board requests you immediately to issue such instructions to your subordinates as will cause them to destroy, as painlessly as possible, all stray dogs found running at large in any part of your jurisdiction.

"All dogs should be considered stray dogs which are at large unmuzzled for the next sixty days hereafter."

Mrs. Groves to Oneida

Mrs. Carrie Groves has moved to Oneida, Clay county, this week where she takes charge of the Sewing Department in the Oneida Institute, the famous mountain school. The good people of Clay City regret to lose Mrs. Groves and her bright young son, Russell, and assure the Oneida people that they profit much by their location in their midst.

Wireman Bros. Sell Out

Wireman Bros. have sold their interest in the storage battery business to Wm. Bashaw, of the Clay City Garage, who will continue the building and repairing of automobile batteries. This is a very important part of the auto business, and this service at the Clay City Garage is equal to any in the country.

Dr. Martin Has the Right-of-Way

Dr. Martin has placed the medical emblem on the front of the radiator of his new roadster, which gives him prior right to the road in making his calls, and it further gives his machine the right to drive faster than other cars.

Profit Oil Co. Gets Good Well

The Profit Oil Company has brought in well No. 1 on the John A. Rogers lease in this county last week. The well is a 20 barrel producer. Further drilling will proceed at once. This is good news we all are glad to learn.

Revival at Rosslyn

The Rev. Kidwell, evangelist of the Methodist church, is assisting Pastor J. R. Nelson in a series of meetings with his church at Rosslyn this week.

Tanlac builds up the weak, run down system and makes you feel strong, sturdy and well, as nature intended. O. Shimpfessel.

Personal Paragraphs

Wm. Bashaw attended Federal court at Lexington Monday.

Mr. and Mrs. Everett Fraley spent Sunday with relatives at Irvine.

Kelly Bowman and Joe Newkirk returned Saturday from Maben, W. Va.

Mr. and Mrs. James Newell, of Danville, are visiting Mr. and Mrs. Frank P. Newell.

Mr. and Mrs. Colston Blackburn, of Lexington, spent the week end with relatives here.

Edgar Curry has returned from Huntington, W. Va., where he has been for the past few weeks.

Mr. and Mrs. Arthur Wireman and Willie Wireman spent the week end with their parents at Pilot.

Mr. and Mrs. Jeff Wright and Frank Wright, of Fayette county, came up Saturday to visit relatives at Vaughn's Mill.

Mr. and Mrs. Thos. Edge attended the funeral and burial of their son-in-law, Raymond Davies, at Lexington Monday.

Mr. and Mrs. Howell Puckett and family and Mrs. Julia Puckett came from Middletown, Ohio, last week in their new Ford.

James Warmouth, of Dayton, O., was here a while Tuesday on his way to Mountain Springs, where he will visit his mother.

Mr. and Mrs. Malvern Martin, two sons, and Mrs. Sheets, of Greensburg, Ind., and R. P. Rose, of Clark county, were here Friday.

Mrs. John Shearer and two daughters, of Crawfordsville, Ind., are here visiting Mrs. Shearer's sister, Mrs. A. P. Johnson.

James Bloom is in Cincinnati this week to consult a specialist on the condition of his throat which is still giving him much trouble.

Sherman Townsend is visiting relatives in Lee county. After months of suffering and confinement Sherman is able to use slightly the leg he has left, with the aid of a crutch.

W. J. Mountz, Sr., Oscar Stewart, L. B. Rose, Everett Fraley, Joe Mountz and Virgil Kirk are in Cincinnati attending the big demonstration of the Ford automobile and Fordson tractor which covers the period of July 17th to 26th.

A Good Thing to Know

Foley Cathartic Tablets are a generally wholesome physic—an ideal laxative. They keep the system fit and fine, purged of poisons and ready to resist disease. Miss J. Hunter, 1200 Stedman st., N. S., Pittsburg, Pa., writes: "I cannot praise Foley Cathartic Tablets too highly for what they have done for me." Sold everywhere.

More Shale News

E. L. Gothier, of Buffalo, N. Y., and Boston, Mass., has been in Clay City and vicinity for over a week, looking over the situation in this locality in connection with the possibility of developing the shale industry in this town.

In an interview with the editor of this paper, Mr. Gothier explained the shale situation as it appears to him with several years of experience. According to Mr. Gothier, the shale business resolves itself down to a low-grade mining proposition and in order to make it pay, it is first necessary to perfect machinery which will treat the shale economically with a minimum amount of labor and fuel.

In Buffalo, Mr. Gothier is associated with Mr. J. W. Newberry, an eminent engineer of Europe and the United States. Mr. Newberry has devised a machine for the reduction of oil from shale known as the National Rotary Retort, which according to the opinion of some of the most prominent engineers in the country, embodies all the features required of a successful retort. One unit of the National Rotary Retort is designed to handle 250 tons of shale per day. It is entirely automatic and fool-proof. Contrary to the retorts designed up to this time, this machine is fired from the inside and can be easily heated on less than half the non-condensable gas produced in the reduction of oil and ammonia from the shale.

One unit of this retort is now under construction at the Buffalo Foundry and Machine Co., Buffalo, N. Y., where it will be given a thorough, complete test within a few weeks. One of the purposes of Mr. Gothier's visit here was to get a car load or more of Clay City shale for testing purposes at Buffalo, New York.

Should the National Rotary Retort do even a part of what competent engineers claim for it, it will revolutionize the oil industry as it is known today and will place it on a straight manufacturing basis rather than a speculative or gambling proposition.

This paper is always in favor of any movement which will tend to drive the wild-cat schemer out business and wishes the people fostering the National Rotary Retort all possible success. The success of that Retort means a boom for Clay City and we hope the realization of the shale industry will come soon. The people associated with Mr. Gothier are planning to install a plant in this vicinity once the correctness of the principle of Mr. Newberry's Retort is proved, and we feel that Clay City will give them a welcome as soon as they are able to come here.

According to Mr. Gothier, this country is increasing in the consumption of oil at the rate of approximately 50,000,000 barrels a year, and since even now we are importing considerably over 150,000,000 barrels of crude each year it is clearly evident that something must be done without

Teachers' Resolutions

WHEREAS, the Powell county summer Normal School is now at a close, we the students of the Normal School

RESOLVE FIRST, that we tender our sincere and heartfelt thanks to our teachers, Mrs. McKee, Miss Childs, Mr. Stewart and Mr. Atkinson for their earnest and systematic work as teachers of our school, and that we fully endorse their methods of teaching and may their good work live in the future, as it has lived at this school.

RESOLVE SECOND, That we as students and teachers of Powell county do extend our most hearty thanks to Miss Bowen, our Superintendent, who has been a willing and most ardent worker throughout this session.

It is to her and to the educational board of the county that we owe the praise and tribute for making it possible that we might be able to attend this normal school near our home thereby saving much worry and a great expense.

We are thankful for the instruction that she has given us; that we may take these instructions and impart to others for some lasting good, and without whose instructions, we would have found ourselves at a great loss in the future.

We congratulate the Superintendent, the county Board, upon the choice of teachers for Powell county and appreciate the loyalty which she has shown by taking upon herself the duty of trustee officer, in order that the salary may be used to augment the salary of the teachers.

We sincerely hope that they will lend their aid in the future that they have in the past and with their co-operation we resolve to do all that is within our

Court Day

Not many cattle were on the market Court Day, but several sales have since been made, account of buyer and seller coming together on that day. Horse trading was brisk, and merchants report a good trade all day. The lack of cattle stock pens is a serious setback to livestock trade. Of late all live stock has been corralled on the streets which is not very convenient to stock.

Saturday. Mr. Davis married a Powell county girl, Miss Inez Edge, of Clay City. They had visited Nada several times. We extend to the family our deepest sympathy.

School opened here Monday with Miss Carrie McEwen, principal, and Mrs. Anna Bowen Oldfield, primary teacher. Everything points toward one more good term at the Slade and Nada consolidated school. All the patrons should visit the school and assist the teachers in the work. The school can not be a success if the parents do not co-operate with the teachers.

Wm. Rice died at his home at Nada Tuesday morning at 10 o'clock on the 7th day of his fast. He is survived by his wife, a son, Rembin Rice of Ohio, one daughter, Mrs. Benny Huff, of Nada, and some stepchildren. He firmly refused all food saying God demanded him to fast to show to the people that there was a reality in the religion of our Lord and Saviour Jesus Christ. His family has the sympathy of a host of friends.

More Shale News

(Continued from First Page)

delay to increase our domestic supply of oil.

It is estimated that Kentucky shale will yield about 25 gallons of oil and 40 pounds of ammonium sulphate to the ton, besides some other by-products. However, oil is the product most needed in this country and the market for it within a radius of 125 miles of Clay City is especially good.

Much can be said about the shale industry. Suffice it to say for the present that capitalists claim it will, in a few years, be one of the greatest industries of the country in point of capital requirement and profits made. The whole situation depends on a successful retort and it now looks as if one had been devised which would really put the shale business on its feet in the right way.

Both Mr. Gothier and Mr. Newberry would be glad to answer any questions which they can regarding the present status of the shale industry and the future possibilities. They are pleased to receive mail and to receive visitors at their office, Suite 42, Root Bldg., Buffalo, N. Y.

Mr. Gothier expects to return to Clay City within a short time when we expect to have more news regarding the development of the National Rotary Retort.

In transporting and loading the shale, Mr. Gothier acknowledges the able assistance of Mr. McKinley Easterling, of this city. Mr. Gothier expressed himself in very appreciative tones for the cordial treatment received from all the people of Clay City with whom he had dealings.

"How Cleared the Mill of Rats," by J. Tucker, R. I.

"As night watchman believe I have seen more rats than any man. Dogs wouldn't dare go near them. Got \$1.25 pkg. of RAT SNAP, inside of 6 weeks cleared them out. Killed them by the score every night. Guess the rest were scared away. I'll never be without RAT-SNAP." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by J. F. Smith & Co. and C. Shimfessel.

TAKE CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.
